Food Safety Education Program

Mesa County Health Department wants to recognize your establishment and inform customers of your commitment to food safety. Retail food establishments that require and maintain current food safety education for **90%** or more of their staff can receive a window cling and certificate from the Mesa County Health Department. Approved food safety education for this recognition program includes:

- The Mesa County Health Department food handler class (offered monthly)
- The Mesa County Health Department online class offered through Statefoodsafety.com
- ServSafe certification

In order to receive the window cling and certificate from the Mesa County Health Department, facilities must complete the bottom portion of this page, provide a written policy and proof that their staff is trained using approved food safety education.

Once the documentation is received, the certificate and window cling will be mailed to the facility. For more information on this program call (970) 248-6900.

Facility Name: _____

Address: _____

Total number of employees including management: _____

Number of employees with training: _____

Please enclose **a copy of each employee's food handler certificate/card** and your **written policy regarding food safety education requirements in your facility**. The policy must include when new employees are expected to obtain approved education, how this will be monitored and the title of the person responsible for ensuring the 90% requirement is maintained.
