All foods that fall under the Cottage Foods Act should be packaged and labeled with specific information including an exact disclaimer prior to selling them directly to the informed consumer.

All potentially hazardous foods should be held at 41°F or less or 135°F or greater.

If cooking raw meats make sure minimum internal temperatures are reached. (155°F ground beef & 165°F poultry)

If preparing foods in advance and cooling them prior to the event please make sure foods cool from 135°F to 70°F in two hours and then 70°F to 41°F in the next four hours. Foods should be reheated to 165°F within two hours.
